INTEREST GROWING IN REMOTE CLASSROOM PROPOSAL FOR HALIBURTON COUNTY

Preliminary response to a 'remote classroom' proposal that would bring Sir Sandford Fleming College continuing education programs to the Haliburton Highlands has been encouraging, according to Ted Campbell of the Haliburton Highlands Chamber of Commerce.

Mr. Campbell said over 20 businessmen and tourist operators have indicated interest in a special demonstration of the system slated for 7:30 p.m. Wednesday, November 25, at the Haliburton Highlands secondary school, Haliburton.

Reaction to that demonstration will determine whether the College will go ahead with installation of cable between Peterborough and Haliburton.

DR. LOUCKS SPEAKS AT UNIVERSITY OF TORONTO

Dr. Orie L. Loucks son of Mr. and Mrs. Loucks of Minden spoke recently at the Faculty of Forestry, University of Toronto.

The Weyerhaeuser Foundation has established a fund in the University of Toronto in support of a visiting Lectureship in Forestry. During the 1970-71 session the lecture will be presented in the Fall Term.

It has been said that there is no institution that so completely resists change as the university. Dr. Loucks discussed the apparent failure of the university in meeting the environmental crisis; he examined the prospective changes in the university, the hazards they pose and the improvements expected.

Dr. Loucks obtained his B.Sc. F. (1953) and M.F. (1955) degrees from the Faculty of Forestry, University of Toronto. He later obtained his Ph.D. degree from the University of Wisconsin where he is now Professor of Plant Ecology.

Dr. Loucks has had considerable experience related to ecological assessment in such areas as Quetico Provincial Park in Ontario as well as wide research experience in this field in the United States. His observations respecting the responsibility of university education in environmental sciences is surely an interest to those concerned with the future of our society.

Sir Sandford would then offer two 10-session courses beginning in January covering the areas of planning for profits and promotion and advertising in the tourist industry.

Two short 20-minute lectures will be delivered in the November 25 demonstration. Veteran instructors George Fulford and Tony Arnold, who both have wide business experience to back up their academic training, will be involved.

Briefly, the proposed Visual Electronic Remote Blackboard (VERB) system would allow an instructor in Peterborough to teach both there and in Haliburton at the same time, through two-way voice contact and a machine that would project his notes and other drawings in both classrooms.

Although aimed at business men and tourists operators everyone is welcome to attend the free demonstration.

A wide variety of programs may be presented in the future using this system, according to the College.

SUCCESSFUL COURSE HELD

This past weekend, the Haliburton Guild of Fine Arts sponsored a Creative Stitchery course, given by Mrs. Marie Aiken of Gravenhurst. As well as instruction in stitchery, design and color co-ordination, Mrs. Aiken showed her slides of crafts in Japan, and ecclesiastical embroideries found in churches in England and Ireland.

It was an enthusiastic group who participated in the weekend workshop.

In the Spring, Mrs. Aiken may instruct a course in Macrame (fancy knotting), and Sprang (weaving without a loom.) Are you interested?

KAWARTHA LEAGUE TO START SOON

Coaches and Managers of Minden's Minor Hockey Association attended a Kawartha Hockey League Meeting in Fenelon Falls on Monday night to discuss plans and schedules for the coming winter.

The Kawartha League schedule will be released very soon.

Directors Of Chamber Of Commerce Held Meeting Had Busy Agenda

The Directors of the Haliburton Chamber of Commerce held a regular meeting on Wednesday, October 28, at 8 p.m.

Business arising from the minutes was as follows:

Sgt. Wood had again been contacted re 24 hour protection in this area. He had informed the directors that extra men during the summer were out of the question at present as far as he was concerned.

It was moved by R. Freeman, seconded by B. Dawson that a request be passed on to Commissioner Silk of the O.P.P. for additional police protection in this area, particularly for that time between 2:00 a.m. and approximately 8:00 a.m. when there are no officers on patrol checking properties during the summer months. Carried.

Copies of the letter to Commissioner Silk are to go to Glen Hodgson M.P.P. and to Attorney General Wishart.

A long discussion on place mats was the next item of business and many samples were shown. The Secretary-Manager is to contact printers for prices and check with Cardel Sales Ltd. for colour range and complete print. This is to be done by the next meeting.

A letter was received from Nila Reynolds requesting information on the type of material she was to prepare for the Chamber. Mr. Wright explained to the Board a reply letter written to her in which it was stated the Directors were interested only in the promotion of her book "In Quest of Yesterday" and that the Chamber were taking a more modern approach in their marketing plans in the future.

Mr. Campbell read the brief submitted by our Chamber to the Honourable James Auld re the White Paper on Regional Tourist Councils and the reply sent from Mr. Auld thanking us for our time and consideration.

New Business:
It was moved by B. Dawson, seconded by R. Freeman that Mr. Don Goodwin be appointed

as a representative of the Dept. of Tourism and Information a voting Director of the Haliburton Highlands Chamber of Commerce. Carried.

The Lure Tour Book of the Alex Wilson Publications was passed over to the Advertising Committee under Mr. Ward for close scrutiny and comments. This is to be done within 2 weeks.

The following list are new applications for membership: Knight-Martin Contract Carpet Ltd., Toronto, VanZeyl's Rest. (Continued on Page 14)

PAUL PRENTICE WILL DRIVE FOR BOMBARDIER

Minden's fame in the snowmobile world, Paul Prentice, will join a team of four drivers and compete for Bombardier.

Paul has captured almost every event in North America, and will now team up with a great snowmobile company as a member of their team.

We extend all the best luck to this young speedster of the frozen track.

SEMINAR HELD AT HIGH SCHOOL

On Tuesday, November 10th, some 50 teachers held a seminar at the Haliburton Highlands Secondary School, called Professional Development Day.

The seminar was on Pollution in the morning and Drug Addiction in the afternoon session.

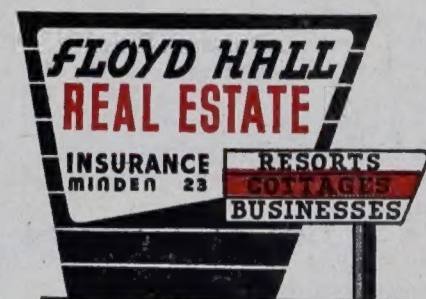

Secretary-Manager Ted Campbell was the speaker on pollution in the morning, with Dr. Burkholder, Chief Medical Health Officer and Mr. Ron Chartrand, Chief Public Health Inspector assisting, answering questions after Mr. Campbell's talk.

In the afternoon Mr. Bill Gilliland spoke on Drug Addiction.

THURSDAY SMILE

Cowboy: 'Hey, you're putting the saddle on backwards!'

Dude: 'You think you're so smart. You don't even know which way I'm going to travel.'

HERE AND THERE

with Fenwick Finch

Phil Graham of Minden has one overpowering ambition — to talk to King Hussein of Jordan and, I found after a visit with Phil last Sunday afternoon that this ambition is not too hard to come by and on a "first name" basis.

My visit with Phil was just about the shortest hour and a half that I've experienced for a long time. Being a "Ham" radio operator places Phil in a good spot to talk to the King of Jordan.

Being exposed to all the sophisticated radio equipment he has was quite an experience for me — previous to this my experience allowed me to turn on the radio or the TV but that's about all.

Over the airways Phil is known as VE 3 APL and this call letter is issued to him by the Department of Communications and is unique — it applies to Phil only.

Starting out as a radio operator in the air force during the second war Phil graduated into "Ham" radio. His first station was in Haliburton, then, he moved to Minden in 1955 and started expanding. His present "shack" is filled with various types of equipment — the last word in a "transceiver" took Phil some 100 hours to assemble — the parts came in a large box with more parts than you could shake a stick at. Incidentally, no matter where a ham has his equipment set up, be it in a specially arranged room it is always referred to as "the shack" — some shack.

Getting to be a ham operator takes quite a bit of work — first of all you have to know Morse Code, then pass examinations in it before you are allowed to use "voice" following the Morse Code a second examination is gone through before you are in the "voice" category. With the second examination you are granted all the privileges that go with the sport.

These "Ham" operators are a friendly breed of animal and everything is on a first-name basis. To find where the fellow is located there is a world wide Call book that lists every call letter — it's about half the size of a Toronto 'phone Directory. The U.S.A. has so many "Hams" it takes a special book to cover their listings.

I was completely buffaloed by the code that went on between Phil and his cohorts. Between the call letters and the various codes for what they wanted made for baffling listening for an outsider. Phil talked to many World Wide countries. The farthest he has reached is Tasmania which is just about as far as you can go — after that you are on your way back.

Germany, France, Holland, Sweden, South America but, no luck with the Antarctic yet but Phil's working on it.

Every once in awhile Doward Johnston comes in for a visit with his son in Ecuador — matter of fact within minutes after one of Morley's children was born Doward knew about it.

While sitting there listening we heard — C.Q. C.Q. C.Q. for short Q.S.O. before lunch — I had visions of different things but what the "Johnny" on the other end wanted was a short visit from someone before lunch.

At the end of a message 73 is used to sign off meaning "best regards" 88 means "love and kisses" which Phil tells me isn't used too often.

As usual I'm running out of space so I'll have to "73" you 'til next week when I can give you the rest of my notes.

The only way to appreciate what goes on in a "shack" is to see Phil. I'm sure he'd be glad to show you around.

Fenwick.

LIBERALS HELD MEETING

The monthly meeting of the Victoria-Haliburton Liberal Association was held recently at 54 Bond Street.

Present were Mr. James Flynn, president, Mr. David Walling, treasurer, Mr. Guy Mills, secretary, Mr. David Logan, Mrs. Margaret Downey, press officer, Mrs. Jane Walling president of the Lindsay Ladies Liberal Association, Mr. William McCarthy and Mr. William Kenderline.

The meeting instructed the president to send a telegram to Mr. Trudeau expressing support and confidence in the leadership he is providing in this very crucial time in the history of our country. Mr. William McCarthy, director of the Pineridge-Haliburton District Liberal Association, addressed the meeting.

NOVICE B TEAM 3 - 0**

On Sunday afternoon the Minden Novice A's edged the B's 3 to 0. This was an exhibition game to prepare teams for the schedule.

Tom Palmer counted twice, while Mark Greir picked up a single. Larry Scott was the referee.

BOOK AVAILABLE ON ALGONQUIN PARK

What is the magic that gives Algonquin Provincial Park a unique place in the hearts of those who have camped on the shores of its lakes? What is there about the Park that made Tom Thomson, Canada's foremost painter of the Northern Canadian scene, adopt it as his home?

The charm of this portion of Ontario is laid out in in Algonquin Story, available for \$2.50 at the Ontario Government Bookstore, 880 Bay Street, Toronto, or by a prepaid order from the Queen's Printer, Publications Branch, Queen's Park.

The story is vividly told by Audrey Saunders, commissioned by the Ontario Department of Lands and Forests to give a factual yet highly personal account of all aspects of Algonquin Park — the beauty of its landscape, the vital energy of its animal life, the excitement of its past. The book cannot exactly be called a history of Algonquin, although that was perhaps its original intention. Nor is it tourist propaganda. It simply traces various phases of the Park, from the coming of Champlain and the Iroquois attacks, to the Flora, Fauna and Wildlife Conservation Problems.

Included with the book are five maps, two of which, a topographic map and an explorations map, are useful for both historical and present-day excursions. The story closes with a quotation from Dr. Lester Scott, a resident of the Park, who recounts some of his experiences in Algonquin. He calls it 'a place apart.' Whether the Park's wider sphere of usefulness impresses the reader or not, he will agree with that.

**SOMETHING YOU
SHOULD KNOW**

If diagnosed in its early stages, chronic bronchitis can be cured by removing the factors that cause it. One of these factors is cigarette smoke. Unfortunately, almost one-third of all cases of chronic bronchitis are diagnosed only when the person becomes sick enough to enter

hospital, at which point the patient probably has serious and permanent disability. The Canadian Tuberculosis and Respiratory Disease Association, through its Christmas Seal Campaign supports year-round research and education on all aspects of respiratory disease. Contribute to the Christmas Seal Campaign — it's a matter of life and breath.

THE POLITICAL SCENE

Oh-hum, its election year once again in Haliburton County — in that means anything. For some, they are asking, what is an election? while others just shrug their shoulders and say, so what? If

I hadn't gone through a few elections in other communities, I would probably be asking the same questions, for there hasn't been an election here in Anson, Hindon and Minden for Council since 1964. And it was away back in 1962 since there was a battle for the Reeve's chair.

It is hard to tell whether the present council is that good — or the people have lost complete interest in Municipal politics. Regardless of how the people feel, nominations for Reeve, Deputy-Reeve, three Councillors and two School Board Trustees will be held in the Municipal building on Monday, November 23rd. Lets hope it isn't like one of the other townships at the last nomination meeting with only the clerk and two councillors in attendance. It is one thing that Council goes in year after year by acclamation, but when no one shows up at the nomination meeting, it really is something else.

We have been doing a little snooping around to see if there are any political parties, lurking on the side lines, hoping to overthrow the present council — we have drawn all but a complete blank.

It is our opinion Reeve Charles Brandon is hard to beat and will be a shoo-in by acclamation — he possess a good knowledge of Municipal affairs; he is keenly interested in his position as Reeve and donates much of his time and energy towards the community; he has good ideas and is a sound thinker. We have always knocked him for being too conservative, however this is not always a bad point when it comes to the almighty tax dollar. We can't see anyone challenging Roy Windover for the Deputy-Reeves position, so it will be back into office for Roy by acclamation. The only action we see at this time lies in the three seats for council, now occupied by Reg Booth, Robert Gorrie and Allin Cooper. No doubt these three gentlemen will throw their hats into the contest once again, however a relatively new comer to the area, Bill O'Brien, could shake things up a little. Bill claims he will definately be a starter — this young businessman has some good qualities: young, intelligent, ambitious, progressive keen since of responsibility, and will not be easily swayed on important issues — doesn't look bad, does he?

For School Board, Len Lonsberry and Keith Hill no doubt will be looking for another term, but word is out that Sybil Hope of Ogopoga Lodge and possibly J. Earl Palmer Q.C., might make the ballot interesting. School Board is an all important position in todays society, especially when you look at your tax bill and find that 70 per cent of the tax dollar in this county goes towards education.

If we are ever going to keep democracy in this country, everyone must take an interest in all levels of government. Our living conditions are governed by the elected representatives, who are our only voice — get out on Monday night and exercise your right in asking questions, and nominating those you feel will represent us best.

2nd. Of A Series —

Pollution Probe Report

by Stan and Judy Zlotkin

The Local Health Unit -

The Health Inspector for the Minden area is Mr. Tom Kendal. After speaking with him, finding out his many responsibilities (checking all sewage disposal systems, all water used for swimming and drinking, all resorts for their sanitary facilities, both eating and sewage and checking all health emergencies) and speaking with many members of the community, it is our strong feeling that the duties assigned to one man are far beyond his capabilities and that he should have assistants to help him run an effective and well-functioning health unit. Perhaps the reason that he neglects to test a river for pollution all summer and that regulations for septic systems are disregarded is that one health inspector for an area of this size cannot possibly carry out his duties well.

We strongly recommend that the Health Inspector be given additional manpower during the summer months so that his job can be properly completed. Perhaps university students looking only for summer employment could be used to fill this vacancy.

Pesticides -

We stopped a Department of Highways truck on August 10, 1970 on Highway 35, one mile north of Minden. Asking what they were spraying with, they said "Premix" a mixture of 2, 4, 5-T and 2, 4 D. It was a windy day and the Highway runs right alongside of many lakes. The spray was heavy, thus even if they stopped the spray when within 300 ft. of a waterway, the wind would carry spray great distances. Why should they use 2, 4, 5-T when there is so much proof of its potential danger?

Reaction of Townspeople to the O.W.R.C. -

Mr. X in Minden has been a member of the Minden Council for many years. He is the man in charge of 'water pollution' (drinking water and sewage) for the council. He complained that the O.W.R.C. had not consulted him thoroughly on the prospective Minden sewage lagoon project. He felt that up against the lethargy of the Ontario Provincial Government the council was helpless and that as a result he, along with many of the council members, was planning not to run for re-election. He was very pessimistic.

As we left, he put his arm around our shoulders and in a fatherly manner said, "Do you really want to know how to solve the pollution problem? I've got two guns in my back room — take them — go to

Queen's Park and shoot them all — and then start over again. That's the only way that the problem will be solved."

Story of the "Pollution Panic" in the town of Haliburton -

On August 17, 1970 a 10,000 gallon holding tank at the Haliburton Laundromat ruptured, spilling the contents into the lower Drag River. The owner of the coin laundry is Mr. Rex Boice. Attached to this holding tank were three septic systems from nearby office buildings. The amount of sewage that escaped is unknown but the staff of the Haliburton, Kawartha, Pine Ridge Health Unit advised and put up signs that swimming be discontinued in the Head, Grass and Kashagawigamog lakes until water samples could be analyzed.

Three days later, after much hard work by the Health Unit and the O.W.R.C., tests proved that the "Unsafe for Bathing" signs could be removed. The bacteria count was within the safe range.

Immediate consequences were that for three or four days people were not able to swim in three Haliburton lakes, one of which (Kashagawigamog) is the most highly populated in the region. This in itself is not tragic, but this "pollution panic" got coverage in the Toronto papers and on the Toronto radio and T.V. stations. The future loss to the tourist industry is inestimable, but if past experience in the Kawarthas and Algonquin Park are any indication, the results in lost business could be analyzed.

(Continued on Page 13)

Nominations

Notice is hereby given to the Municipal Electors of the Townships of Anson, Hindon and Minden in the County of Haliburton that in compliance with the Statutes in that behalf I require the presence of the said Electors at the Minden Municipal Council Chambers in the said Townships of Anson, Hindon and Minden at the hour of 7:00 o'clock p.m. on Monday, November 23, 1970 for the purpose of nominating fit and proper persons for the office(s) of Reeve, Deputy Reeve, Councillors (Three to be elected), Trustees - Board of Education (Two to be elected) for the Townships of Anson, Hindon and Minden: of which all Electors are hereby required to take notice and govern themselves accordingly, and if a greater number of candidates than required to fill the said offices are nominated and make the required declarations, polls will be opened in the following places — Polls 1 and 1A, Minden arena, Minden. Poll 2, Medley's Bowl, Carnarvon. Poll 3, Bob's Store, Ingoldsby. Poll 4, Harry Cowen residence, Blairhampton, in the said Townships of Anson, Hindon and Minden on Monday, December 7th, 1970, and will be open from 10:00 o'clock a.m. until 8:00 o'clock p.m., and no longer. The Advance Poll will be held in the Minden Municipal Office on Saturday, December 5, 1970 from 10:00 a.m. until 5:00 p.m.

It should be noted that when a proposed candidate is not present at the nomination meeting, his nomination paper is not valid unless there is evidence satisfactory to the returning officer that the proposed candidate consents to be so nominated.

Given under my hand this 6th day of November, 1970.

Richard Parisotto, A.M.C.T.
Returning Officer

Haliburton Huskies Trounce Lakefield In Second Win

The Haliburton Huskies came through with their second win of the season last Saturday night in Haliburton when they soundly defeated the visiting Lakefield club 8 to 2. This is the Huskies second straight win and it appears that the Huskies will once again be the team to beat in their group this year. The game was very exciting with Lakefield having the better of the play in the second period and keeping the game at a 1 all tie at the end of the second. Lewis Dummitt in the Huskies goal held the team together as he stopped many close in chances by the Lakefield club. The Huskies seemed to jell early in the third and were rewarded with a goal, in the first minute of play. Although the score appeared to be one sided, it was misleading, as the Huskies played only hard enough to stay in a tie through the first 40 minutes. It also appears the Huskies have come up with a very well balanced team, with 3 strong centres, namely Gerry McElwain, Cam Botting and Craig Stamp, and a balance of experience

and outstanding rookies. The defence lead by Bob Woodcock and consisting of Jamie Carroll, Rick Dunsford and Larry LaPorte need a little more time to get the feel of Junior competition, which is rougher and faster than Midget hockey, but should be able to adjust without much trouble. Dunsford and Carroll scored their first junior goals, as did Roger Bain and Jeff Campbell. Lakefield opened the scoring after only 53 seconds of play on a long shot that Dummitt lost in his pads and trickler through. The Huskies were shaken by this early counter but settled down to some good hockey and were rewarded at the 6:05 mark when Rick Dunsford scored on a screened shot from the point.

The Huskies carried the play but couldnt score on Johnson, the Lakefield goalie. They peppered 18 shots at him but couldnt come up with the tie breaker. Lakefield had only 9 shots on the Husky net. The Huskies once again were assessed the majority of the penalties and seem to attract the referees attention because of their large size. The second period was all Lakefield until the last 4 minutes when the Huskies power play got a chance to show their skill. Botting, McElwain and Stamp all over 6 feet along with Jamie Carroll and Bob Woodcock are a formidable sight, and they did everything but put the puck into the Lakefield net. They had several good chances but failed

once again to break the tie. Lewis Dummitt held the Huskies in the game during the first half of the period and was outstanding on several close in drives. Lakefield outshot the Huskies 15 to 13 and the Huskies ended up with 3 of the 4 penalties of the period. The Huskies dispelled any doubt as to the outcome of the game early in the 3rd period as Craig Stamp tipped in a Jamie Carroll drive from the point at the 1:10 mark, and then Jamie Carroll scored what was to be the winning goal at the 7:55 mark on a pass from Danny Carpentier. Roger Bain, playing his first game of Junior hockey scored at 10:59 on passes from Gerry McElwain and Jim Cowan to give the Huskies

a 3 goal lead. Martin of Lakefield scored at the 13 minute mark only to have Jeff Campbell and Gord Scheffee score on beautiful setups by Craig Stamp, in less than 20 seconds. Jim Cowan and Cam Botting, who played a strong game, and was hauled down several times by Lakefield (as was the only way to stop him rounded out the scoring for the night. The Huskies drew 426 people the opening game, which was over double the number of fans to last years opening. The Huskies were very encouraged to see such support and hope that the fans will stay behind them for the season. The Huskies travel to Keswick Thurs. night and entertain Bobcaygeon next Saturday. See you there.

DOLLARS AND GOOD SENSE

by William J. Martin

This column is a regular feature prepared by the Family Financial Counseling Service of the Avco Delta Corp., P.O. Box 2820, London, Ontario. All questions submitted to the above address will be answered in print or by mail. Names will not be used in print. However, all questions should be accompanied by a complete name and address.

\$\$\$

Dear Mr. Martin:

Someone told me the other day that there is a service somewhere that pays all your bills for you. Is this true? Where is it and how does it work?

A.V.

Dear A.V.:

Yes, it's true. A recent ruling by the U.S. Federal Home Loan Bank Board now permits customers of savings and loan associations to pay their bills from utilities, department stores and so on.

This arrangement can't be made by any savings depositor, however. It is up to the savings and loan association to institute such a plan. The first association to offer a bill-paying service is located in California.

Here's how it works:

Customers simply open a special bill-paying account with a minimum \$500 balance and receive a supply of postage-paid envelopes. As their normal bills accumulate, they just put them into the envelopes and mail them to the savings and loan association, keeping their portion of the bill for their own records. At the end of each month they receive a statement from the savings and loan association itemizing the bills that have been paid plus any interest or service charges. The association even pays the postage when paying the bills.

The charges for this service depend on the average monthly balance maintained in the account. For a balance of approximately \$1,000 and about 15 bills a month, it costs around \$4.00 to \$5.00 per month. But remember, the money in the account is earning interest up to the day when it is removed to pay the bills.

Any bills or other financial obligations can be paid through

this system as long as a minimum \$10.00 balance is maintained.

This first bill-paying plan is sure to be repeated by other savings and loan associations throughout the U.S., so watch for it in your area. It's an important new step to help you pay your bills, keep an accurate record of your payments, and earn interest on the money you set aside for your bills.

WEDNESDAY, NOVEMBER 25, 7:30 P.M.
HALIBURTON HIGHLANDS SECONDARY SCHOOL
HALIBURTON VILLAGE

Visual Electronic Remote Blackboard

Sir Sandford Fleming College proposes to use this system to electronically link a Peterborough and Haliburton classroom, allowing an instructor to teach two classes 100 miles apart.

If enough interest is shown following the Wednesday demonstration (which will be simulated), the College will go ahead with the necessary arrangements to make the link a reality.

During the demonstration, two veteran instructors will deliver short lectures concerning planning for business profits and promotion and advertising in the tourist industry.

We hope to see you there, whatever your interest.

Night Classes

HALIBURTON HIGHLANDS SECONDARY SCHOOL

The Haliburton County Board of Education will conduct evening classes for adults in all or some of the following subjects provided a sufficient number of candidates apply and instructors are available. The principal reserves the right to combine or cancel courses if an insufficient number apply or if a satisfactory teacher cannot be obtained.

- (a) Any course for which 15 people register provided a teacher is available.
- | | |
|---------------------------|---|
| (b) 1. Music Appreciation | 7. Electricity For Beginners |
| 2. Conversational French | 8. Welding |
| 3. Typing | 9. Construction Drawing and Blueprint Reading |
| 4. Carpentry | 10. Sewing and Dressmaking |
| 5. Auto Mechanics | 11. Driver Education |
| 6. Civics (Mr. McNeill) | 12. Physical Fitness |

Individuals wishing to enroll in one of the preceding courses should complete the form below and return it to Haliburton Highlands Secondary School, Box 507, Attention Night School, by November 23, 1970.

Courses will be no less than 10 weeks in duration and will be held on evenings desirable to the majority registering for a class.

A fee of \$5.00 is charged for each course taken except Driver Education. The fee for Driver Education will be \$25.00. This fee will be collected on the first night of instruction.

Fees shall be refunded if an insufficient number enroll for the course. There may be an additional fee charged in some courses if special texts or equipment is required.

Unless fifteen candidates register, a course cannot be offered. Individuals will be notified as courses become filled and available. The probable date of commencement of Night School courses will be November 26th, 1970.

'A TIME FOR KINDNESS'

November 15th to the 30th is 'A Time for kindness.' During this fourteen day period the Ontario Humane Society is campaigning for funds throughout the province of Ontario.

Last year, the Society investigated over 10,000 serious complaints of cruelty. Our Inspectors visited slaughter houses, riding stables, kennels, zoos, municipal pounds, livestock sales barns and other premises where animals are used commercially.

We prosecuted in many instances of deliberate cruelty or severe neglect; 29 convictions were obtained in 1969. Many animals in distress were rescued and animals that had been neglected, were seized. These animals were taken to the modern Animal Shelters which we operate in different parts of the province.

The Society constantly campaigns for new and better animal protection laws at all levels of Government.

In 1969 the Society was successful in persuading the Government of Ontario to introduce laws for regulating P.M.U. farms, public pounds, prohibiting the use of snowmobiles to harass, chase or injure animals and to drastically amend legislation controlling the use of animals in scientific research. We operate eleven Animal Shelters and four outdoor, unique 'Cat Sanctuaries.'

36,182 unwanted strays or abandoned animals were sheltered by the Society in 1969. A large percentage of these animals were either restored to their owners or found new homes.

There is no better or more effective way of opposing cruelty than by making a donation to the Ontario Humane Society at this time.

ACCIDENT NEAR KINMOUNT

A two-vehicle accident occurred about 8:05 a.m. Thursday on Highway 503, five miles east of Kinmount.

A car driven by Margaret Joan Harrison of Haliburton suffered an estimated \$500. damage when it was in collision with a bus driven by Daniel Kitchen er Dewey of Gooderham. There was no damage reported to the bus and there were no injuries reported. Provincial Constable Douglas Heath of the Minden detachment investigated.

YOU!

ABOUT THE TOWN

With Jeanne Sears

Another world statesman has died, Charles De Gaulle was certainly an asset to his country bringing it back to become a world power. His visit to Quebec brought many repercussions but he stayed firm in his own beliefs.

Here is a quotation give me:

A true friend is like the sun,
It shines brightly and never fades,
But keeps its course truly.

Sincere sympathy to the family and friends of the late Mrs. Tom Duncan who died last weekend.

We note this is Young Canada Book Week — have you taken your youngster to visit your Branch Library, or do you take time to give your children the joy of reading a really good book. There is lots of material at your Branch and librarians are only too willing to help you with your choice of the good books available.

Hint of the week — finally found a use for some of those non-returnable bottles, with the screw caps. If a canned pop is not all used up pour it into one of these bottles and it will not go flat.

Wedding bells were ringing over the weekend with congratulations going to Mr. and Mrs. Peter M. Robertson (nee Darlene Edna Austin) and to Mr. and Mrs. David Hillson (nee Nancy Lee Sisson).

Biggest news last week was the sell-out of some of our major publishing companies to U.S. Companies. No one can continue in a business unless they make a profit and as all writers know, especially Canadian ones, you have to sell in the States or England. We wonder if the government will add this field to others which they subsidize.

We also noted in a Toronto paper that 10 per cent of our unemployed in Ontario are in the age group 16 to 24. We wonder how many of these highly educated young people expect too high a salary to start with.

There was an ad in the local papers that deer hides turned in at Lands and Forest Offices will be exchanged for a pocket compass. The hides are given to Department of Indian Affairs so the Indians may make articles for sale. Many hunters do not carry a compass, and it is very easy to get turned around in the woods.

Patients at the local hospital on Monday included Mrs. Gladys Waters, Mrs. Lila Rogers, Mrs. Loretta Palmer, Mrs. Bessie Dummett, Cecil Stamp and Victor Alsop.

Nominations meeting is next Monday evening; if you want to take an active part in your community try to attend and take office or support others.

First snow arrived over the weekend but most of it melted away.

Cheerio until next week.

The rewarding art of Self-Defence.

Face the facts;
you're surrounded by
hazards as you work.
Too many men and
women get hurt, just
because they don't look
after themselves on
the job.
The secret is to
work defensively.
Sharpen your
self-defence — it pays off.

THE AMEN CORNER

Singer Salome Bey, of this year's Spring Thaw, and Phyllis Marshall, for many years one of Canada's top entertainers, make their acting debuts in James Baldwin's The Amen Corner. This emotion-packed Harlem gospel church drama is Cohen's Choice (drama critic Nathan Cohen, that is) for November 24 on CBC Tuesday at 8:03 p.m. The Amen Corner marks the first time CBC radio has ever presented a play with an all-Negro cast.

MINUTES OF COUNCIL MEETING TOWNSHIP OF STANHOPE

Council met with all members present on November 4th, 1970. Moved by Jim Harrison, seconded by Ken Whitney, that the Township clerk contact Mr. H. Woods, Mrs. Doris Robinson Clerk write Mr. Don Berry and Mr. Goodyear with a Voters' List, dates of Nomination meeting advance poll and regular Election.

Moved by P. H. Richardson, seconded by Ken Whitney, that Mr. Donald Cox be notified that the township has assumed the Highland Road and that if he will bring his road up to the standards of the Dept. of Highways, the Township with the approval of the District Municipal Engineer will assume his section of the road.

Moved by P. H. Richardson, seconded by Ken Whitney, that the building inspector be instructed not to issue building permits for any type of multiple dwellings, without referring them to a regular meeting of Council.

Moved by Ken Whitney, seconded by Jim Harrison, that the Council donate a wreath to the Legion for presentation on November 11th, 1970 on behalf of the Veterans of Stanhope who gave their lives in service of their Country.

Moved by P. H. Richardson, seconded by Ken Whitney, that the Township clerk contact Mr. H. Woods, Mrs. Doris Robinson Clerk write Mr. Don Berry and Mr. Goodyear with a Voters' List, dates of Nomination meeting advance poll and regular Election.

Moved by P. H. Richardson, seconded by Ken Whitney, that Mr. V. M. Hewson be invited to the next council meeting at which time the council will make a request for a grant in lieu for the taxes lost under Section 43 of the Assessment Act.

Moved by Ken Whitney, seconded by P. H. Richardson, that the Township Clerk write the Minister of Transport Hon. Irwin Haskett, sending him the cost of the expropriated property.

Moved by Jim Harrison, seconded by J. Elder, that the Clerk be authorized to contact the District Municipal Engineer R. B. Allison to inquire if the grant for the new bridge over the Gull River Lot 30-31 Con. 5, will be allowed for 1970.

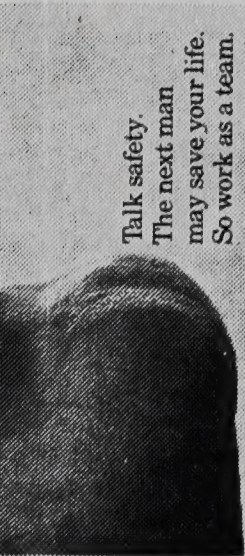

Moved by P. H. Richardson, seconded by Ken Whitney, that the clerk write to H. J. Christian Parks Assistance Officer, asking for recommendations as to Consultants to draw up plans for the Hawk Valley Park.

Moved by Ken Whitney, seconded by Jim Elder, that the township clerk contact Bill Scott M.P. pertaining to a grant for the dredging and a Boat Railroad track system to be used in the river across from the Municipal Office, Maple Lake to Beech Lake.

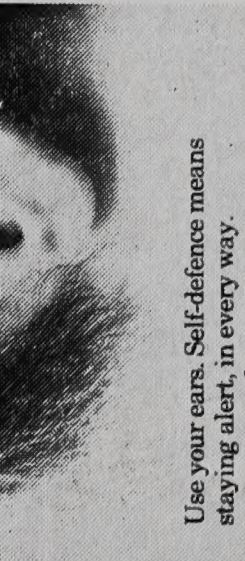

Moved by Jim Harrison, seconded by Jim Elder, that the clerk be authorized to write R. S. Chapman District Engineer, re: stumping and grubbing Highway 35 from Buttermilk Falls south for the purpose of creating winter work, also to speak about the hill in front of Lora Lee Lodge, Hawk Lake Road as water is washing out the road.

Moved by Jim Harrison, seconded by Jim Elder, that the Municipality of Stanhope donate

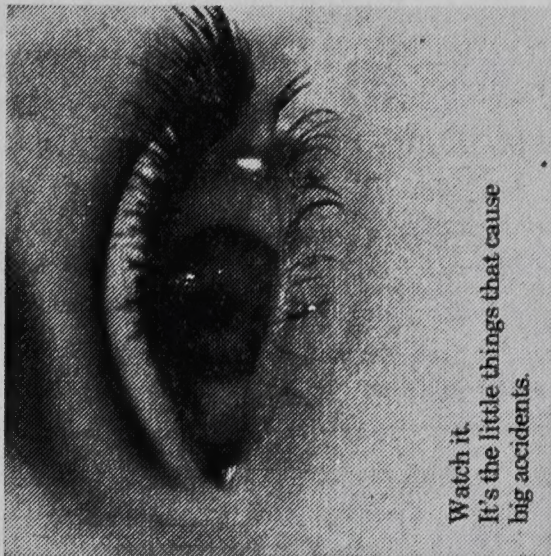

Sharpen your
self-defence — it pays off.

Talk safety.
The next man
may save your life.
So work as a team.

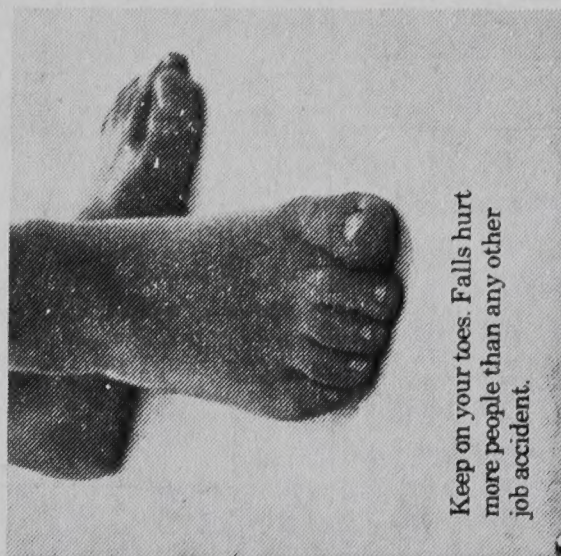

Use your ears. Self-defence means
staying alert, in every way.

Watch it.
It's the little things that cause
big accidents.

Protect your hands.
Easy to injure, difficult
to live without.

Keep on your toes. Falls hurt
more people than any other
job accident.

The reward. You name it.
It's your life — enjoy it.

Be a champion of Self-Defence.

Your Workmen's Compensation Board, Ontario

er is washing out the road.

Moved by Jim Elder, second-
ed by Jim Harrison, that the
Municipality of Stanhope donate
\$100.00 to the Minden Agricul-
tural Society.

Moved by P. H. Richardson,
seconded by Jim Elder, that a
letter of thanks be forwarded to
Glen Hodgson MPP and Hon.
George A. Kerr Q.C. for the im-
grant of \$4,000.00 for the im-
provement of the park on the
Kenesis River, same to be
known as the Hawk Valley Park.

Moved by Jim Harrison, sec-
onded by Ken Whitney, that the
accounts amounting to \$94.16,
October Welfare, \$252.64, Road
Voucher No. 10 \$5,587.30 be all-
owed for payment.

By-Law No. 70-40 to close that
portion of side line between Lots
10-11 Con. 9 was read the third
time, as no complaints were
entered against same, it was
passed.

By-law No. 70-71 for the pur-
pose of appointing the firm of
Totten, Sims and Hubicki to
prepare a comprehensive Re-
stricted Area (Zoning) By-law
for the Corporation was passed.

Moved by Ken Whitney, sec-
onded by Jim Harrison, that
this meeting adjourn at 4.30 p.m.
with the next meeting to be held
at 9 a.m. Wednesday the 9th day
of December 1970 unless called
sooner by the Reeve.

If the above motions were
carried by council.

KINETTE HI-LITES

The Kinettes of Minden would like to thank all those who helped to make their recent Rummage Sale such a success. Be assured the proceeds will be well used in either Cystic Fibrosis research, or the Kinsmen Mental Retardation Training Centre.

On Tuesday, November 24, 1970 we will be holding a Card Party at the Senior Citizens Home. Tickets will be 50 cents per person, for euchre bridge or cribbage—your choice. So come and join us in the Auditorium of Hyland Crest for an evening of fun. Tickets may be purchased from any member of the Kinetite Club.

Plans are underway for the Christmas Birthday Party at Hyland Crest, which will be hosted by the Kinettes this year.

Our Christmas meeting will be a busy one spent wrapping gifts for the Kinsmen Christmas Cheer Baskets, followed by our own Kinetite Krazy Kristmas Tree, complete with hand-made cards and individually composed cards.

**RED CROSS SERVES YOU
EVERY STEP OF THE WAY**

CANADIAN LUNGS IN BAD SHAPE

Between 15 and 20 per cent of Canadians may be suffering from some form of bronchitis according to the early results of a survey presently being conducted in Manitoba. The survey, being carried out jointly by the University of Manitoba and the Sanatorium Board of Manitoba, is intended to promote the early discovery of airway obstruction (bronchitis) and to learn more about the incidence, natural history and factors that influence it.

By means of a breathing test that measure the lung capacity, and a respiratory questionnaire to determine symptoms, information was gathered on 30,000 Manitobans. The findings to date indicate that between 15 and 20 percent of the people tested have evidence of obstruction to air flow in the bronchi. About one-half of them have no symptoms and according to Dr. R.M. Chernaick, co-ordinator of the survey, are probably early bronchitics. The other half have more advanced disease.

Since air pollution is not a problem in Manitoba Dr. Chernaick believes that a similar study should be undertaken in Montreal or Toronto to determine the situation in an area where air pollution is a problem.

The Canadian Tuberculosis and Respiratory Disease Association, through its Christmas Seal Campaign supports year-round research into chronic respiratory diseases. Several provincial associations are presently undertaking projects to determine the incidence of respiratory disease in their province. Unlike tuberculosis, respiratory diseases are not reported to the government and only the number of deaths not the incidence are known. Although the death rates from emphysema and chronic bronchitis increase yearly it is the increasing prevalence that is most disturbing.

MUNICIPALITY OF THE TOWNSHIP OF LUTTERWORTH

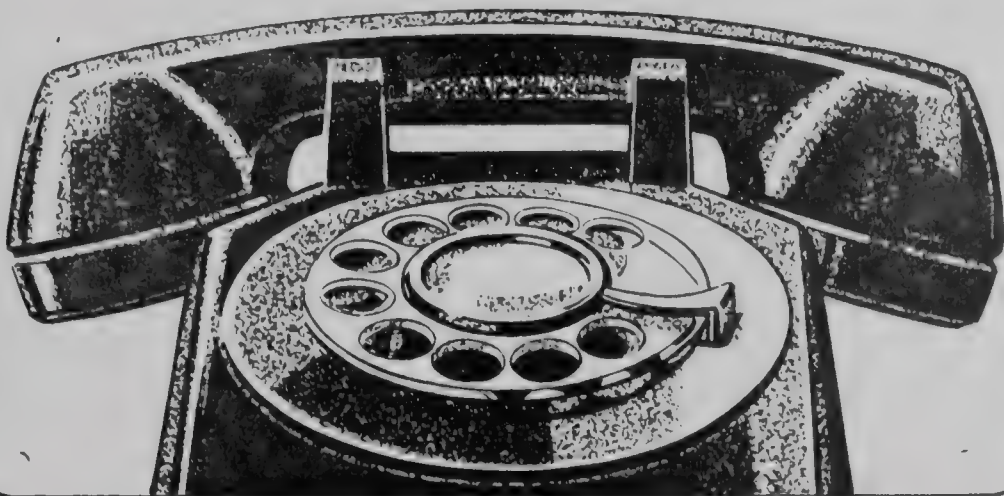

Nominations

Notice is hereby given to the Municipal Electors of the Municipality of the Township of Lutterworth in the County of Haliburton that in compliance with the Statutes in that behalf I require the presence of the said Electors at the Municipal Office of the Township of Lutterworth, Highway 35, Box 176, Minden, at the hour of seven p.m. Monday, the 23rd day of November, 1970 for the purpose of nominating fit and proper persons for the offices of: one Reeve, one Deputy-Reeve, and three councillors for a term of one year; and one School Trustee for the Haliburton Board of Education, for the term of two years. All electors are hereby required to take notice and govern themselves accordingly, and if a greater number of candidates than required to fill the said offices are nominated and make the required declarations, polls will be opened in the following places: Lutterworth Municipal Office — Highway 35, Minden, Ontario, in the said Township of Lutterworth on the seventh day of December, 1970, and will be open from 10:00 a.m. to 6:00 p.m. and no longer. Given under my hand this 9th day of November 1970.

(Mrs.) E. Burke, Clerk
Township of Lutterworth

Bell Canada

DEACON — LANCASTER WEDDING

Minden United Church was the setting for the October 24th wedding of Patsy Anne Deacon, daughter of Mr. and Mrs. Eldon R. Deacon, Minden, to Lt. Richard W. Lancaster of Halifax, Nova Scotia. The groom is the son of Mr. and Mrs. John Lancaster of Calgary, Alberta.

Rev. N. W. Oake officiated at the candlelight service. The soloist, Miss Diane Earle of Toronto, sang 'More'. She was accompanied by Mrs. Elgin Stouffer of Minden.

Given in marriage by her father, the bride wore a floor length, empire styled gown of white peau de soie, with sleeves and neckline of lace. Her shoulder length illusion veil was held by a white floral headpiece. She carried a cascade bouquet of pink and white carnations, and wore her mother's sweetheart locket.

Maid of honour was the bride's sister, Susanne Deacon, of Kingston. She wore a floor length gown accented by ruffles at neckline and cuffs, with deeper

ruffles at the hemline. Her dress was a deep shade of plum and a matching velvet ribbon was entwined in her hair. She carried a nosegay of white carnations encircled by purple statice and wild straw flowers.

The best man was James Todd of Minden. Ushers were Larry McKnight also of Minden, and Lt. Richard Bowers of Halifax.

For the reception at the Wagon Wheel Motel, the bride's mother received, wearing a tangerine crepe dress, with black accessories and a corsage of zorina sweetheart roses.

The bride wore a rust fortrel dress with white carnation corsage and brown accessories for the honeymoon, a motor trip to their new home in Victoria, B.C. The newlyweds visited Calgary en route, where the groom's parents received them at a family reception.

Out-of-town guests were from Toronto, Kingston, Halifax, Mount Forest, Ottawa, Bobcaygeon, Lindsay, Cobourg, Kirkfield, and Brampton.

POLLUTION PROBE REPORT

(Continued from Page 4)
be considerable. The resort owners, cottagers and others can sue Mr. Boice for their lost revenue but this is not a suitable answer to the incident.

Why did the accident occur? Will it ever happen again? These are questions that must be answered.

This particular coin laundry has been giving people in the area trouble for some time. A member of the Minden Rotary Club told me that there have been complaints about it as long as 10 years ago.

More recently Mrs. Hugh Langley of St. Catharines, Ont. a cottager in the area wrote letters to her MPP, Robert Welch, specifically complaining about the laundromat. Her letter was passed on to the O.W.R.C. who said that "the problem was under control". Not satisfied, Mrs. Langley also wrote to Rene Brunelle, Minister of Lands and Forests and George Kerr of the Department of Energy and Resources Management. Again her letters were passed on to the O.W.R.C.

Obviously the problem was not under control, even if the O.W.R.C. tests results were within the set objectives for water quality.

After speaking to Mr. Burkholder of the Health Unit, I found out that the Health Unit

people have been after this laundromat since they started their unit in the area two years ago. They forced the laundromat owner to make a few minor alterations in his sewage disposal operation. Mr. Burkholder at the time answered my question about the apparent weakness in the present laws by stating that the present Public Health Act is very ambiguous and very difficult to enforce objectively.

It seems that either the law is inadequate as it now stands or the Health Inspector in the area was too busy to give the matter more than peripheral attention or Mr. Boice's objections to making major alterations were too much for the Health Unit to handle.

The situation seen as a whole is deplorable. Mr. Boice has been issued a "Work Order to be completed by August 31". If he doesn't comply with the work order he will be taken to court by the government. But as Mr. Burkholder said before the accident no-one had legal authority to take him to court. He had made the minor alteration.

Why must we always follow the philosophy that a tragedy must occur before we can act? This is not only a ridiculous philosophy, but a highly dangerous one.

Our laws must be made stronger so that potential trouble will be stopped before accidents occur — not after!! We must have the manpower to check our cottage areas for potential danger spots. The government has known about this laundromat for ten years — there is no excuse for this accident!

C OF C DIRECTORS HELD MEETING

(Continued from Page 1)

aurant, Kashagawi Snack Bar, Robinson's General Store, Bell's Bakery, Haliburton School of Fine Arts, Mr. R. Dollo, Cedar Villa Resort, Deep Bay Resort, Sandy White Woolens.

Moved by E. Palmer, seconded by R. Pole that the 10 applications for membership in the Chamber of Commerce be accepted. Carried.

A lengthy discussion followed on the finances of the Chamber. The finance committee is to arrive at a budget by projection for the next meeting of the Board. This is to give us an idea of our budget for the coming year.

It was also discussed if we should change the year end to September with Annual Meeting at that time as the surrounding areas (Kawartha, Huronia and Muskoka) or leave it. The Special Developments Committee under Bob Freeman are to investigate and report.

It was also decided a strong appeal would be made to the local Municipalities and County Council during the winter for increased grants. Ted Campbell reported that Haliburton had the lowest support of any area group from their Council. He also pointed out that the dollar income per capita here, for local people from tourism was among the highest in Ontario.

It was also pointed out the Chamber of Commerce was the only means of advertising that the County had. There was unanimous agreement on this by the Board of Directors.

Mr. Campbell then presented the new design he had done in Toronto, by the Department of Tourism and explained its' uses. The Board thought it a good idea for a new approach. Members who wish to see the brochures may view them at the Chamber office.

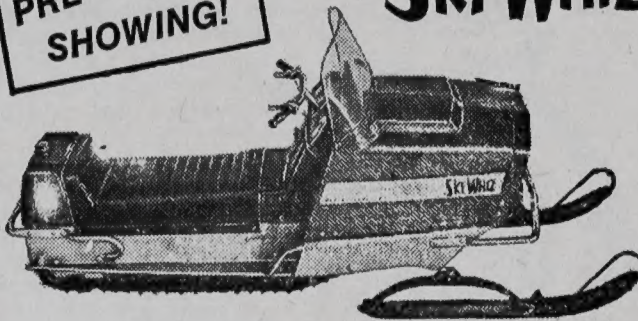

Due to financial reasons the Information Booth will only be open during the winter on Monday, Wednesday and Friday between the hours of 10 a.m. and 1 p.m. Anyone wishing information or wanting to see the Secretary-Manager should visit or phone between these hours.

The film on Haliburton was shown to the Directors and the Secretary-Manager explained it would be used on many occasions to promote tourism in this area.

Mr. Wright and Mr. Campbell have been invited to attend the Annual Meeting of the Haliburton Highlands Cottagers Association in Toronto on November 5th, 1970. It was decided by the Board that we should attend as these people account for over 50,000 residents in the summer and pay considerably more than half of the municipal taxes in the County.
